Office of Communications

October 19, 2017

Dear JCPS Community,

As many of you already know, yesterday, our Jersey City Public Schools community was shocked by the news that two Dickinson High School students were victims in a horrific car crash, killing one student immediately. We have just learned that the second student has also died.

Earlier, on behalf of the Board, President Joel Torres echoed all of our thoughts and prayers for the families of both young men and their friends and loved ones who are coping with this tragedy. We will provide support to the Dickinson school community when they return tomorrow as students and staff try to make sense of this abrupt and devastating loss.

Sadly, we are once again reminded that our children are gifts, and we must let them know each day how precious they are.

Marcia V. Lyles, Ed.D.
Superintendent of Schools
Jersey City Public Schools
