## Public School #15

(201) 369-3724

September 2013

Dear Parents,

**Students enrolled in the Jersey City Public Schools are expected to wear school uniforms EVERY day. Please assist us in strictly enforcing the school policy by communicating the importance of the policy to your child and having him/her adhere to it. Our District Superintendent looks forward to a vast improvement in the percentage of students in our schools who wear uniforms regularly. Sanctions for students not adhering to the uniform policy will be in place.**

**Attire sets attitude and attitude drives learning. When students are dressed for the business of learning, their odds for success are greatly enhanced. There is no reason why our students cannot comply with the school uniform policy. I am confident that you will work closely with us to ensure that full compliance is the standard EVERY day at the Whitney M. Young Jr. Elementary School (P.S. #15) from the first to the last day of school this year.**

**Thank you for your continuous collaboration in the educational process of our children.**

Sincerely,

**Mr. Yorker, Principal**

**Mr. Borroto, Asst. Principal**
