Ellen M. Ruane

Assistant Superintendent

Curriculum and Instruction Department

To: All Principals

Ellen M. Ruane

From: Ellen M. Ruane, Assistant Superintendent, Curriculum and Instruction

Date: September 8, 2022

Subject: Grades K-12 ELA and Math Parent/Guardian Workshops

The Jersey City Public Schools value the strong partnership between teachers and families that enable every student in grades K-12 to be successful. In support of this partnership, the Curriculum and Instruction Department will offer workshops for parents and guardians to introduce the Renaissance Star assessments and the digital learning platform, Freckle. The Star Assessments are short tests that provide teachers with personalized learning data for each student. Students will take a Star test for early literacy, math, and reading. Freckle is a digital learning platform that helps students learn key skills and concepts in math and English Language Arts (ELA).

Linked below please find detailed information about the workshops. Please share this information with your teachers and school community.
